

Dear Friends of HHH:

Over 25 years ago, the Junior League of Kalamazoo had a dream to serve the needs of patients and their families. That

dream became a reality when the Hospital Hospitality House first opened our doors to welcome guests. Since that time, we have become a home away from home to more than 27,000 guests from all 50 states and 19 foreign countries.

We thank the Junior League of Kalamazoo for making this dream come true.

This past year was busy with many new opportunities for the House. On June 23rd we participated in Match Day, sponsored by the Kalamazoo Community Foundation. HHH was one of the organizations voted to participate and nearly \$4,000 was donated. Half was placed in our Endowment Fund at the Foundation and half was used to update our display materials.

In June we hosted a garden party to thank our founders and friends. It was a beautiful day and everyone had a good time.

With the success of Match Day, Lori Moore and WKZO decided to continue to help participating organizations with the proceeds from her Pot Luck Pals cookbooks. Once again, HHH was voted into the final grouping and we raised nearly \$3,000 to help the House.

Everyone at the Hospital Hospitality House of Southwest Michigan thanks our wonderful donors and we look forward to 25 more years of serving our guests.

## NATIONAL ASSOCIATION OF HOSPITAL HOSPITALITY HOUSES

The Hospital Hospitality House has been a member of the National Association of Hospital Hospitality Houses since 1986. Our benefits from this membership are many. One of the most valuable is the exchange of information about the fast-changing world of healthcare. The other members offer a network of peers from which to gather data about the role of a House. If you or a friend ever face a medical crisis far from home, call the Association office at 1-800-542-9730 to find out if there is a House in that area.

The National Association of Hospital Hospitality Houses, Inc. is a nonprofit corporation serving facilities that provide lodging and other supportive services to patients and their families when confronted with medical emergencies. Each facility assures that a

homelike environment is provided to persons who must travel to be with a patient or to receive necessary outpatient care.

*"I want to tell you about a unique non-profit organization that reaches out to families that are struggling with a medical crisis. The National Association of Hospital Hospitality Houses is a network of houses all around the United States. They provide lodging and support for people of all ages and all walks of life who are dealing with medical emergencies far from their homes. Hospitality Houses have been one of the world's best kept secrets. Won't you please help these 'homes that help and heal' become known to the world?"*

# 25 Memories for C

Jean Forrest — Jean began as Executive Director in July of 1988.

"In 1992 we hosted the National Association of Hospitality Houses annual conference in Kalamazoo. We selected the weekend of Super Saturday so the attendees could see the Doo Dah Parade, Art in the Park, and the Greek Fest. It was one of the best attended conferences the Association has ever had."

Jean Forrest, Executive Director  
1988-Present

Members of the Kalamazoo Garden Club

"The Kalamazoo Garden Club began working in the garden of the House in 1991. We wanted to create a special quiet place of beauty that soothes worries. In fact, a few of the guests have even helped us in the garden. Something is blooming all growing season!"

Joan deMink  
Kalamazoo Garden Club  
Supporting the House since 1991

"Since the inception of the West Michigan Cancer Center, the Hospitality House has provided much more than just shelter to our patients who travel distances to be treated at our cancer center. Because the Hospitality House is available, there are no barriers preventing us to care for our patients. The Hospitality House has provided comfort and care to our patients who are far from home."

Terry McKay, President  
West Michigan Cancer Center

Burning the mortgage — The board of directors brave the snow to burn the Hospital Hospitality House mortgage in November of 1989.

When we needed to replace the driveway, they found an underground home heating oil tank and a cistern for collecting rain water. Another one was found on the other side of the House when a drain was repaired.

Jean Forrest, Executive Director  
1988-Present

"Our guests come in all shapes and sizes. We had a family with triplets, first mom and dad, then the first little girl, then the second little girl. Finally when the little boy was discharged, we watched them pack three car seats into the back seat of their Camaro."

Jean Forrest, Executive Director  
1988-Present

"Working at the Hospitality House has been very rewarding for me. I feel like I am helping our guests through the trauma they experience with a loved one in the hospital. It has been a great experience to be here showing love, concern and compassion towards others."

Diane Williams, Night Staff

"Our service club is proud to support the work of HHH as a way to let our guests know that we have a welcoming caring community."

Jan Sackley, Kalamazoo Women of Tomorrow

"The first Gilmore fundraising event was a success in every aspect except for the food service. We decided to take that weak link and make it the focal point of the event. The second year we featured teams of professional chefs paired with their amateur "foodie" friends. That event and those in following years received widespread acclaim for wonderful food and live music, and expanded to include gambling and fashion shows. These events successfully provided a great income stream for many years. There have been many changes in the House, but one thing has remained constant — the wonderful service provided to the families during a time of great personal stress."

Jeff Chalmers, President 1992-1998  
2001 Patrick Ludwig Leadership Award Recipient

"We all enjoy bringing food every November, watching as the piles grow in our kitchen, then bringing everything over to the Hospital Hospitality House the week of Thanksgiving. Every year we try and have a different employee accompany us on the delivery so they can "get the tour" and see for themselves what a great place Hospital Hospitality House is."

# Our 25th Anniversary

"I was proud that the House was the first project the two hospitals cooperated on, each donating \$10,000. We created a really new vehicle of working together with two entities that had never done this before. I can remember taking my mother to the House with me to help peel wallpaper! I'm very happy the House has done so well for so long."

Mary Jo Hawk, Board Member  
1992-1998

"It's wonderful the Hospital Hospitality House exists in our community. Giving a place to stay for, people from out of town, with families at Borgess."

Dr. Michael Khaghany  
Borgess Cardiothoracic Surgery

"The first donated computer was a Tandy, then we upgraded to an Apple. When that got filled we graduated to a donated IBM PC. One computer was used by the whole office staff. Now there are three computers, a server and everything is networked. We even have WiFi for our guests' laptops."

Jean Forrest, Executive Director  
1988-Present

Rev. Michael Wang and Family, 2007

The House in 2007 welcomed a guest who spoke only Mandarin. The resourceful staff connected with the community and found the Rev. Michael Wang of Kalamazoo Chinese Christian Church and Mr. Lu from Hunan Gardens Restaurant. They took our guest to doctor appointments, served as translators, and took him to meet other members of the Chinese community. We are grateful the House receives support from all parts of our community!

For 15 years, HHH has been honored to have a student from the University of Notre Dame come for eight weeks to help do many household projects as part of a Summer Service Learning Program.

"As I interacted with guests and staff alike I realized what makes this House such a special place: community. People in the House are sometimes asked to share a room with perfect strangers and it is heartwarming to see those new roommates sharing their stories over a cup of coffee. Guests' lives become intertwined as they lean on each other for support and encouragement."

Adriana Taylor, Notre Dame Student Volunteer  
June - August 2010

"It is very rewarding to see the gratitude in the eyes of our guests for having a place to stay that is warm, comforting and a safe haven away from the hospital. I feel very grateful and thankful that I am able to volunteer at the House and play a small part in assisting our guests who are going through personal trauma in their lives."

Connie Plochocki, Volunteer

"I have used the House twice, once when my father died and once when my husband had open heart surgery. Both time I found the House to be compassionate, caring, and kind. We sat at the kitchen table waiting for news from the hospital and people would sit with us while we waited. It is a comfortable, private, safe, amazing place to stay. We were very blessed to have a place like this to stay."

Shirley Clevenger,  
previous guest at the  
Hospital Hospitality  
House

"Hospital Hospitality House allows Alpha Delta Kappa, an altruistic organization of women educators, to provide necessities and the extra comforts to patients and families in a time of need."

Cheryl Warren, Alpha Delta Kappa  
- Chi Chapter

"The Kalamazoo area is very fortunate to have the Hospital Hospitality House. Over the years many of our patients' families - particularly those families of patients with traumatic or other emergency illness - have found a comfortable place to stay at HHH. These families are already dealing with a stressful situation and the House provides a supportive and restful environment."

Dr. Richard Dirrenberger  
Neurosurgery of Kalamazoo at Borgess Health

Board members and friends enjoy a Neil Diamond impersonator at the March 2002 fundraiser.

June, 1985 opening day ribbon cutting with Peter Floyd, Bronson Hospital, Barbara Beardesley, Junior League of Kalamazoo, and Dick Hatton of Borgess Medical Center.

"The Nurses Week planning committee, under the direction of the Professional Practice Council, wanted to make a change that would allow Bronson nurses to give back to the community -- a friendly competition was created. Last year we donated 147 pounds of aluminum tabs to the Hospital Hospitality House and we will be collecting again this year!"

Erin Brooks, RN, Chair  
Professional Practices  
Council

Members, including Jeff Chalmers, worked hard one Saturday in 1988 to install a brick patio in the gardens of the House.
